

Quality Policy Statement

The Sovini Group will offer consistently high quality services and levels of care to our customers, striving to meet their expectations in an efficient and cost-effective way.

We will still continue to improve quality and performance through innovation, creativity, best practise and value for money.

We are committed to establishing and reviewing the Quality Objectives of the Quality Management Systems and communicating these to all members of the organisation's staff.

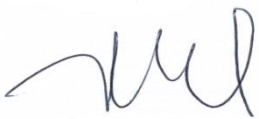

This policy will be fulfilled through the adoption and implementation at all times of the Quality Management Systems and procedures required by BS EN ISO 9001: 2015

The Integrated HSEQ Management Systems Manual and its associated management system procedures constitute the Quality Management System and it will be reviewed to ensure it continues to be suitable.

I fully endorse the contents of this Quality Policy and the associated Integrated HSEQ Management Systems Manual. It is issued with my authority and adherence to these policies and procedures is mandatory for all staff. It is a controlled document and cannot be copied unless I authorise it.

Signed:
